

A donation has been made to
Karinya House
as a Christmas gift to you

Every woman who is pregnant or has a new baby should be surrounded with the supports they need during this important time. However, not every woman has shelter, stability or support. Some may be at risk of violence, experience homelessness or be completely isolated.

Your gift ensures support for women in our community, who are pregnant or parenting newborns. You are part of their village.

Thank you!

Karinyahouse
for mothers & babies
